Excerpts from ODP Div/Staff Reports for Week Ending 8 July 1983

Management Staff

Finance. As of 6 July, there were 24 outstanding advances with a dollar value of $16,200. No accounts were delinquent. (Hawkins) (U/AIUO)

Administrative Staff

Arrivals and Departures:

⬚ on rotation to CPAS, returned to SSD on 27 June.   STAT

⬚ resigned from SSD on 1 July. ⬚   STAT

Applications

Personnel Resources Information Management (PRIM). The PRIM System is in a test operational mode. PRIM security is being tested on the PRIM production data base while awaiting issuance of passwords to the IOC participants. ⬚   STAT

Agency Standard Automated Property System (ASAPS). Project ASAPS is designed to provide Agency offices with an automated material management system for uniform control of accountable property. Plans have been made to provide the Foreign Networks Division, Office of Communications (FND/OC) with ASAPS. This will take place as soon as OC provides the necessary disk information. Additionally, ODP plans to convert the present OSO Logistics Property System, DEJUNC, to ASAPS. ⬚   STAT

Logistics Integrated Management System (LIMS). The System Requirements Review (SRR) will be conducted by the Development Contractor (Booz, Allen, and Hamilton) on 26-27 July, from 0900 until 1600, in room 2C19 ⬚ Building. This review will focus on   STAT
the status of the Detailed System Requirements Document (DSRD), the Transition Approach, the Project Development Schedule, and the System Operational Concept (SOC). ⬚   STAT

Personnel:

Robert Clayton, QSI contractor, reported to duty and will be working on the FOURCEE project. His mailing address is 2E21 Plaza B and he can be reached on extension ⬚   STAT

Processing

The new JES processor (SY2) has been installed and was placed online for production use on 4 July. This action freed the IBM 3033 UP for CAMS2 development at the W2 site. The 3033 UP processor was turned over to IBM for deinstallation on 6 July and will be relocated to the W2 site on 8 July.   STAT

The CAMS2 Computer Center at the TRW Building experienced a power outage on 28 June from 2040-0300. Virginia Electric Power indicated the entire Tysons Corner area had lost power.   STAT

Special Projects Staff

The SAFE Monthly Technical briefing scheduled for 15 July, will be on the DIA DODIIS Interface design. Additionally, [   ] of DIA/RSE will present an overview of the DIA   STAT
DODIIS Network Front End (NFE) design. Mr. Jim Long of TRW will present the internal SAFE/DODIIS design.   STAT

MEMORANDUM FOR: Deputy Director for Administration

FROM: STAT

Director of Data Processing

SUBJECT: ODP Report for Week Ending 8 July 1983

    1. Support to the Navy Regional Data Automation Center
(NARDAC)

        Mr. Thomas Gard, NARDAC (Norfolk, Virginia), in a
letter to the Director of Data Processing, dated 15 June, has
requested quality assurance assistance. Mr. Gard has been
contacted to coordinate visitation to this Office by his team
for appropriate briefings.

    2. Special Equipment for Defense Intelligence Agency
(DIA) Employee

        The Communications Security Division, Office of
Communications (CSD/OC), has been asked to evaluate four types
of electronic equipment which will be used by a blind DIA
employee assigned to work on the SAFE Computer System. The
equipment includes dictation, speed synthesizing, and braille
producing devices. Pending the results of the evaluation, the
DIA employee will only work with unclassified materials.

    3. SAFE Early Capability (EC)

        The Maintenance Transition Team, composed of four
Consolidated SAFE Project Office (CSPO) and four
DIA/Directorate for DIA Systems (RSO) personnel, was disbanded
on close of business 1 July. The RSO personnel have completed
their tasks and training, and are now available for training
additional DIA personnel. The four CSPO personnel will return
to CSPO for new assignments and will be on-call to DIA for
questions and/or problems until 5 August.

SUBJECT: ODP Report for Week Ending 8 July 1983

        A meeting with CSPO, the Information Systems Security
Group, Office of Security (ISSG/OS), and ODP's Processing
personnel was held on 5 July to discuss security requirements
on the SAFE unclassified development system. A 60-day waiver
to run the unclassified system was received from ISSG pending
the completion of several action items.

    4.   Significant Events During Coming Weeks

        None.
